The most up to date version of this document will be online at www.macclesfieldsnooker.co.uk

This is based on no minimum/ Maximum handicap

The Maximun handicap that can be applied in any frame of snooker is +55. This is irrespective of whether the 2 players handicaps add up to more.

To enable the Handicaps to be kept as accurate as possible, it's important that Frame scores are recorded on the Results cards. In the case of someone conceding a frame please record at what point they conceded. IE '2 Reds' would indicate 43 points left, 'Brown' would indicate 22 point left on the table.
